

Synthesis of Research Results and Technology Trends to Inform Policies for Smart Mobility of People and Goods

Data description

Describe the data that will be gathered in the course of the research project, including whether the data should be preserved for long-term access.

Data gathering is not planned for this project

Data format and metadata standards

Describe the standards and machine-readable formats that will be used in the course of the research project.

none

Policies for access and sharing

Discuss the access policies that will apply to the data, so as to protect against the disclosure of identities, confidential business information, national security information, etc. and whether public use files may be generated from the data.

not applicable

Policies for re-use, redistribution, derivatives

Discuss the policies for re-use, re-distribution and derivative projects.

not applicable

Plans for archiving and preservation

Outline the plans for archiving and preservation, specifying where research data will be deposited, and specify that data will be deposited at the time of initial publication of any related peer-reviewed journal article.
